

## Project Status Report

**Client:** Town of Richmond

**Date:** May 9, 2013

**To:** Supervisor Ralph Angelo and Town Board Members

**Time Period of Project Status Report:** April 10, 2013 to May 9, 2013

The following is a summary of the status of the projects that Chatfield Engineers is completing on your behalf during the time period indicated above:

**1. East Lake Road Water Project CE #11-998**

The following is a summary of work completed:

- The archaeologist is in the process of completing the archaeological investigation. Test pits will be completed in the near future to determine the ground conditions that will be encountered during excavation.
- We are awaiting notification from Russ Kenyon regarding the purchase offer for the tank site property. Once a valid offer has been accepted (with conditions), we will begin the survey and geotechnical investigation of the property.
- We are awaiting approval from the NYS Comptroller. (Russ Kenyon may be able to provide you with an update).
- Stu Brown Associates is working with the USDA Rural Development regarding a grant and loan for the Project.

**2. County Road 33 Extension CE #11-1003**

Nothing new to report at this time.

**3. Ashley/White Road Water Project CE #11-1004**

We have received direction from Russ Kenyon in an email from him to exclude the County Road 37 portion of the project. We will be revising the report accordingly and will have it ready for Town Board approval at the June 11, 2013 Town Board Meeting.

**4. Richmond General Engineering CE #11-1012**

Nothing new to report
